OPENING ANNOUNCEMENT.

Mr A. R. FARRELL,

3 CASTLE STREET, DUNDEE,

BEGS to intimate that, owing to congestion of trade at the above address, he has taken a long Lease of the Premises situated at

7 UNION STREET, DUNDEE,

which will be carried on as a Branch establishment from 3 CASTLE STREET.

The New Premises will be under capable management, and conducted upon the same up-to-date methods as in our present business, and all Departments will be catered for, including **Chiropody, Manicure, Hair and Face Massage, Electric Treatments, and Vibro Massage** by the latest method.

A. R. F. begs to inform his clients that he has installed in the UNION STREET BRANCH a COMPRESSED AIR APPARATUS for use after Shaving, Spraying, and as a Hair Cleanser. The VIBRO MASSAGE is also worked by the same method. Compressed Air is most pleasant and comfortable in its use, and is recommended by the Medical Profession as an absolute guarantee of cleanliness—the Rotary Brush being superseded by this new method.

Thanking you for your esteemed patronage in the past, and assuring you of my best endeavour to still merit the support so generously given.

DUNDEE DIRECTORY

1907-1908.

GENERAL NOTICE.

A PERIOD of prosperity, unexampled for nearly half a century, has been vouchsafed to Dundee during the year. The stimulus to trade has been far-reaching, and every branch of industrial economics has profited in a greater or lesser degree. The uncertainties, the anticipations, the disappointments, and the perplexing eccentricities in the pendula of this market and that, have vanished, and a feeling of confidence, long a stranger, is well maintained. These altered conditions arose entirely out of the rapid and unprecedented acceleration in jute values and the relative prices of yarns. Money has freely circulated, and whilst large businesses have flourished as probably they never before did, smaller concerns have on their part little reason to complain on the score of fair returns. Productive power has largely increased, and certainly there have been few laggards in the commercial race. The primary cause of this activity, no doubt, is to be found mainly in European unrest. The upheaval in Russia, the outbreaks in the Balkans, the great strikes in Germany and Austria, the spread of Socialistic tendencies, and the consequent un-hinging of enterprise and the loosening of labour control, each and all have adversely influenced mercantile stability abroad. It was natural under these circumstances that dealers should look further afield for supply, and Dundee fortunately caught on. To those experienced in such matters, it was observed early in the year that this good fortune, instead of being transitory, as had so often been the case, was to remain for a time, and measures were taken accordingly. The demand, however, was not so much for manufactured articles as for yarns, and upon that product special attention was concentrated. Whilst the former were in fair demand, spinners have been in the ascendant. The rapidly increasing rates brought pleasant contemplations to holders of stock; handsome profits were realised; and producers allowed no obstacle to stand in the way of their betterment. Extra spindles were introduced, and kept running. Every scrap of jute—fine, medium, and inferior—that could be spun was utilised. The outcome of this unexpected activity has placed Dundee in a better condition than ever, and the old scare-cry that our staple industry was about played out, and that it would soon be absorbed by a newer and greater Dundee springing up in our Indian Empire, is now showing lesser likelihood of early verification. The linen trade, too, is giving evidence of greater vitality, and at present rates are developing rapidly.

In other aspects the City is keeping well to the forefront. In no respect is there the slightest sign of decadence. Educationally it is forging ahead; and from a structural point of view it is making

satisfactory progress. The building trades, it is true, have been depressed for a time, owing to excessive speculation in property, for which a smart corrective was needed. Gradually these trades are assuming their normal state, and though building on a large scale is not indulged in, still there are a number of undertakings of considerable magnitude on the tapis. A notable and at the same time pleasant characteristic in the architectural lineaments of many of the cottages and villas which adorn our suburbs is the variety and elegance of design, and the evident desire of architects to take full advantage of the amenities and environment of situation. This trait has been admirably given effect to in Perth Road, near Ninewells, where many fine mansions have recently been erected, and whose equitable proportions it would be difficult to surpass. The slopes of Hazel Hall and Farington Hall are becoming quite ornate; and in the east end Craigie Terrace, Bingham Terrace, and Lammerton Terrace are filled in with dwellings as pretty as they are comfortable, whilst the trim kept gardens and neat lawns show the taste and discrimination of their occupiers. This healthy æstheticism in the home and surroundings has developed largely of late in all our suburban districts, and dowdy plots or commonplace frontages are now seldom witnessed.

The development of some of our industrial fabrics has not been overlooked. By far the most notable are those which belong to Mr J. K. Caird, Ashton Works, whose gigantic premises extend, almost in the form of a square, from Hawkhill to Blackness Road. At Hillbank and Mid Wynd Messrs James Scott & Son have added considerably to their establishments. Owing to the destruction by fire of the extensive bonded warehouses and contiguous premises in Seagate, Candle Lane, and Trades Lane, on the evening of Thursday, 19th July last, a large area for building operations has been opened up. This unfortunate occurrence desolated a large portion of the neighbourhood.

Amongst public edifices the educational equipment of the city is to receive an important accession. For long it has been known that our institutions for the promotion of technical education, excellently managed as they are, were inadequate, in point of accommodation, to cope with the ever-increasing demands made upon them; and it has been apparent that if our young handicraftsmen are to be initiated into the higher phases of technique, more ample facilities than at present possessed will have to be afforded. This discrepancy is about to be made good, and a new Technical Institute, the completeness of which has engaged the attention of the promoters, is about to be erected on the site of Chapelshade Works, the old meeting-place of the Bereans, in East Bell Street. The expenditure will amount to about £40,000. Another effort in educational enterprise is being forwarded at Unionmount, Perth Road, opposite Seabraes, in connection with University College, where a Physical Laboratory, funds for which were gifted by Mr Andrew Carnegie, is proposed to be erected. In the course of the year this adjunct, which will form a useful auxiliary to the University, will be well advanced. The cost of the addition will extend to about £12,500. Ameliora-

tive agencies otherwise have been at work. The Caird Hospital at the Infirmary has come into operation, and the services it is rendering are invaluable. At Eastern Hospital there have been considerable extensions; and at Royal Infirmary a number of improvements were effected during the year upon several of the wards. A new departure has been entered upon by the Town Council. Yielding to the repeated solicitations of certain members, it has resolved to erect several tenements of houses, which it is intended shall be devoted to the uses and occupancy of working people.

The extensive additions to Victoria Hospital are finished, the grounds enlarged and beautified, and other features of this beneficent institution improved. A new approach is at present being laid out.

Conspicuous amongst undertakings of a public nature are instalments of the Carnegie gifts, several of which have been projected. Libraries are the ideal of Dr Carnegie, and in addition to the one at Arthurstone Terrace, a commencement was recently made with companion branches at Blackness Avenue (Perth Road) and Strathmartine Road. As free sites were desiderated, public spirit rose to the occasion, and the late Mr John Robertson of Elmslea gifted the former site and ex-Lord Provost Barrie the latter. The situations of these two branches are carefully chosen, the general adaptability to the needs of districts having been fully considered. Besides, in this connection there is every likelihood of a commencement being made with the construction of a Central Reading-room, and it is expected a suitable site will be acquired in the vicinity of Albert Institute buildings. In another aspect Dundee is still in the van. Electricity, either as applied to industrial concerns, lighting, or tramway traction is becoming a dominant factor of the future. The depot in Dudhope Crescent Road has become too circumscribed for the rapidly expanding requirements of this useful department of the public service. Negotiations therefore are going on between the Harbour Trustees and the Council for the lease of a suitable site near Carolina Port, upon which it is proposed to erect an electrical depôt calculated to meet the demands of the city for years hence. In the tramway department arrangements are being matured for an extension of the lines to Tay Bridge, Caledonian, and Tay Ferries Stations; and in the near future a similar departure will be made to accommodate passengers for the east end routes.

The improvement of the City Churches for long has been before the public, and the responsibilities of the Town Council as heritors are acknowledged. The Council have agreed to spend £7,000 upon the Kirk fabric, but at a later stage it is possible that instead of resorting to a patching-up policy, it may be necessary, owing to the decay of the present buildings, that new structures may supersede the old.

With the development of the city, the Police buildings are becoming almost too limited for the purposes of the present day. Extensions in that direction therefore will soon have to be faced, as well as in the district offices. Cell accommodation, a circumstance to which the public gives little heed, is too curtailed, and the way in

which the temporary occupants are sometimes crowded is antagonistic to the spirit of the time.

A scheme launched by Lord Provost Longair for the extension of the Town House and cognate auxiliaries has met with some acceptance and a great amount of criticism. That the proposal ever will come to fruition is problematical. At the same time, there cannot be a doubt that the housing of the Council is altogether unsuitable, and not in accordance with modern methods. It is just possible a scheme of betterment may be matured, but commonsense will regulate its dimensions. Perhaps the most outstanding movement of the year is that which comprises the extension of the burgh boundaries, for which legislative sanction was lately obtained. The city, since the introduction of tramways, has shown tendencies of extension towards the east, and it is therefore with the view of affording greater facilities that the whole of the area lying between the extremities of Dundee and Broughty Ferry has been incorporated by the former. Downfield will form part of the extension, and the tramways will be extended northward from the existing burgh boundary to the entrance to the Industrial School. Much desiderated powers, too, have been secured to take over Baxter Park, which will be recognised as one of the recreation grounds belonging to the City Trust. Scott Street Park, which was held only on lease, has become the property of the city. It is to be devoted exclusively to athletics, for which it is well adapted.

The obituary of the year is exceedingly heavy, many men of note having passed away, amongst the most prominent being Lord Ritchie of Dundee; Mr John Robertson, Elmslea; Sir John Leng, at Delmonte, California; Dr George Lawson; Rev. James Wilson; Rev. Alexander Miller; Mr Peter M'Lean; Monsignor Clapperton; Mr William Mackison; Miss Helen H. Symers; Dr James Gray; Rev. John Jenkins; Mr W. Y. Blyth-Martin; Mr C. M. Falconer; Rev. Alex. Osborne; Mr William Banks; and Mr Walter T. Currie.

In our frontispiece we reproduce an excellent representation of a highly-esteemed citizen—Lord Armitstead of Castlehill—an honour, well-deserved and appropriate, conferred in June 1906. In former years Lord Armitstead was an outstanding figure in the city, and took the lead in many popular and beneficent movements. In 1868 he was returned by a large vote as member of Parliament, and for five years he represented the community as few have done. The intimate friend of Gladstone and other statesmen of celebrity, his Lordship was always ready to wield his influence for behoof of the people of Dundee, in whose welfare he still takes an abiding interest. Born in Riga in 1824, he founded the well-known firm of George Armitstead & Co., flax merchants, Dundee, in 1848. Many local institutions are indebted to Lord Armitstead's liberality.

As Downfield now forms part of the city, instead of classifying it, as heretofore, under the rural heading, we have devoted to the district a special section, on lines similar to those accorded to other suburban areas.

INLAND POST—NEWSPAPERS.

The prepaid postage on every registered inland newspaper (including any supplement thereto) is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than would be chargeable on a halfpenny packet or a letter of the same weight.

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper. Unregistered, a newspaper is treated as any other printed matter.

- a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.

It must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page. The supplement may not exceed the newspaper itself in bulk.

A newspaper, if posted in a cover, must have such cover open at both ends, to admit of easy examination, and so folded that the title may be readily inspected. The cover must not bear anything except the name and address of sender and addressee, with index or reference numbers or letters, the words "with compliments," a request for return in case of non-delivery, the title of the newspaper, and a reference to any place in the newspaper to which the attention of the addressee is directed.

A newspaper must not contain any unregistered publication or any enclosure of any kind, except a supplement relative to such newspaper.

A Private Card becomes a Post Card when it has a halfpenny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the thickest official Post Card, and not thinner than the material used for the thinnest. They may not exceed $5\frac{1}{2}$ by $3\frac{1}{2}$ inches in size, or be less than 4 by $2\frac{3}{4}$ inches. The rules in the preceding paragraph also apply to Private Cards.

Nothing may be written or printed on the address-side of a Post Card (or any postal packet) which, either by tending to prevent the quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Officers of the Department.

Inland Post Cards are sold at the following rates:—

Stout Cards ($4\frac{1}{2}$ in. by $3\frac{1}{2}$ in.) 11 for 6d, or 5s per parcel of 110.

Reply Thin Cards 11 for 1s, or 10s per parcel of 110.

EXPRESS DELIVERY OF LETTERS AND PARCELS.

There are three systems by which letters and parcels can be specially delivered, as under:—

- (1) *By special messenger all the way.* For a letter or packet the Express fee (inclusive of charges for omnibus, tramcar, railway, &c.), is:—For every mile or part of a mile, 3d; and on each packet weighing more than 1 lb. a weight fee of 3d. (Ordinary postage is not charged). Every packet must be handed in over the counter, and must have the words “Express Delivery” boldly marked above address. All charges must be prepaid by postage stamps affixed to a form provided by the Post Office.

If the sender desires, or it is otherwise necessary, that a special conveyance be used, the fare or cost of such must be paid in addition to the mileage fee. The weight fee is not charged in such a case.

On the delivery of an Express packet, the messenger may take a reply, or perform a further delivery service. The fee must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When several packets are tendered by one sender for delivery by the same messenger at different addresses, or to different persons at same address, the Express fee of 3d a mile will be charged for the full distance to be traversed by the messenger, and an additional fixed charge of 1d for each article above one.

- (2) *By special messenger after transmission by post.* In addition to the full ordinary postage the Express fee is :—For every mile or part of a mile from office of delivery, 3d (weight fee is not charged). Letters may be posted like ordinary letters, but they must be marked “Express Delivery,” and have a thick perpendicular line drawn on each side.
- (3) *By special delivery in advance of the ordinary mail.* Persons who desire at any time to receive their letters or parcels in advance of the ordinary delivery may have them delivered by special messenger on payment of the following fees, viz. :—The full Express fee of 3d a mile as for one packet, and 1d for every 10, or less number of additional packets.

INLAND PARCEL POST.

Parcels not exceeding 11 lbs. in weight, 3 ft. 6 in. in length, or 6 ft. in length and girth combined, are received at any Post Office for transmission between places in the United Kingdom. The rates of postage are :—

Not exceeding 1 lb. in weight,	3d	Exc. 7 lbs. and not exc. 8 lbs.,	8d
Exc. 1 lb. and not exc. 2 lbs.,	4d	„ 8 lbs. „	9 lbs., 9d
„ 2 lbs. „	5 lbs., 5d	„ 9 lbs. „	10 lbs., 10d
„ 3 lbs. „	5 lbs., 6d	„ 10 lbs. „	11 lbs., 11d
„ 5 lbs. „	7 lbs., 7d		

Postage stamps to the required amount must be affixed by the sender, and parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. A certificate of posting may be had on application.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless well packed. Live bees are allowed to pass by letter or Parcel Post, if sent in suitable cases, so packed as to avoid all risk of injury.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

REGISTRATION AND COMPENSATION—INLAND.

Correspondence of any kind (including parcels) can be registered. The ordinary registration fee is 2d, in addition to the postage.

Everything intended for registration must be handed to an officer of the Post Office, and a receipt obtained. Nothing intended for registration must be dropped into a letter-box. The packet must be made up in a strong cover, fastened with gum or other adhesive, but this does not apply to post-cards, halfpenny packets, nor newspapers. If it be desired to secure compensation for damage to a packet (other than a parcel), it must bear the words “Fragile, with care.”

Packets for registration must be marked in the bottom left-hand corner with the word “Registered,” and, when the fee exceeds 2d, with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus, “Registered 3d,” and so on. The sender of an Inland postal

packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 2d in addition to the postage and registration fee.

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 4d, in addition to the ordinary postage. Letters containing uncrossed Postal Orders in which the name of the payee has not been inserted, uncrossed cheques or dividend warrants, bank notes, postage stamps, or any article (other than coin and jewellery) of a value exceeding 10s, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 2d. Money of any kind must be enclosed in a Registered Letter Envelope and transmitted by Registered Letter Post. The compensation in respect of coin will in no case exceed £5.

The Postmaster-General will (subject to certain rules) pay compensation for the loss or damage of Correspondence as follows:—

(1) *Registered Correspondence (including Parcels).*—

Fee 2d, Compensation	£5	Fee 5d, Compensation	£60
„ 3d, „	£20	„ 6d, „	£80
„ 4d, „	£40	„ 7d, „	£100

and so on at the rate of 1d for every £20 up to—Fee 1/10, Compensation £400.

(2) *Unregistered Parcels.*—Limit of compensation, £2. No compensation is given in respect of money of any kind sent by Parcel Post, whether registered or not, or in respect of jewellery sent by Parcel Post unregistered. To secure compensation a certificate of posting should be obtained when a parcel is posted.

(3) *Express Correspondence.*—Compensation according to the ordinary scale is paid in respect of Correspondence of the kinds specified in Sections (1) and (2), when sent by Express Service; and up to £2 for Unregistered Packets (not money nor jewellery) conveyed by special messenger throughout their whole course.

RE-DIRECTION.

Letters, halfpenny packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office.

Registered letters, &c., when re-directed, must either have the word “registered” erased with ink before being re-posted, or they must be taken back to the Post Office to be dealt with as registered.

A Postmaster is not bound to re-direct letters for a person temporarily leaving home (unless the house be left uninhabited), nor to re-direct letters addressed to clubs, hotels, boarding-houses, or lodgings.

POSTE RESTANTE.

Correspondence of any kind to be called for is, as a rule, taken in at all Post Offices except Town Sub-Offices. The Poste Restante is for accommodation of strangers and travellers, but they may not use it for more than three months.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one

week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a Post Office "to be called for," are liable to a demurrage charge at the rate of 1d a day. No demurrage is charged on parcels addressed to persons on board ship.

"BLIND LITERATURE" POST.

Literature impressed for the use of the blind may be sent by post at the following rates:—2 oz., $\frac{1}{2}$ d; 2 lbs., 1d; 5 lbs., $1\frac{1}{2}$ d; 6 lbs., $2\frac{1}{2}$ d. The packet must not contain anything written or printed in ordinary type, except title and contents, and a label for return of the packet. It must bear on the outside the words "Literature for the Blind," and address of sender, and it must be posted either without a cover or in a cover open at both ends.

MONEY ORDERS.

The commission on Inland Money Orders is:—For sums not exceeding £1—2d; £3—3d; £10—4d; £20—6d; £30—8d; £40—10d.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices, and should state thereon as fully as possible the name or designation of the payee.

The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank, or he may cross the Order after obtaining it.

If the remitter of an Inland Money Order is desirous of delaying payment for any period not exceeding ten days, he must, at the time of issue, sign his name in the place allotted at the foot of the Money Order, and should inform the Postmaster that he wishes payment to be so deferred.

Money Orders for amounts not exceeding £40 are issued free of charge when required for the remittance of Corporation Duty, Income Tax, Inhabited House Duty, Land Tax, Excise Duties, or Legacy and Succession Duties.

Money may be transmitted by Telegraph Money Order in the United Kingdom. The commission is:—(1) The ordinary Money Order poundage as above; (2) a charge at the ordinary Inland rate for the Official Telegram authorizing payment at the Office of Payment, the minimum being 6d; and (3) a fee of 2d for each order. Any telegraphic communication which the remitter may wish to despatch to the payee must be paid for at the ordinary inland rate.

Money Orders are issued in the United Kingdom on the following Foreign Countries, British Colonies, &c., at the rates of commission shown below:—

Prepayment, however, cannot be made partly in money and partly with stamps, and the money must be paid at the time the letters, &c., are handed in at the Head Post Office. Hours of posting under this arrangement, 10 A.M. till 4 P.M.

FOREIGN AND COLONIAL LETTERS.

The rate of postage to be prepaid on letters for all Foreign Countries (except Egypt) is 2½d per half ounce, and for Egypt and nearly all British Possessions 1d per half ounce. (See pp. 147-150.)

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

FOREIGN AND COLONIAL PRINTED PAPERS AND COMMERCIAL PAPERS.

Articles which may be sent to places abroad under these designations consist of two classes, as follows:—

(a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal, written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, pupils' exercises with corrections, and other papers of a similar description.

(b) "Printed Papers." The articles which may be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment or card-board, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize. This description includes newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, designs, manuscript for press (when sent with proofs of same), papers impressed for use of the blind, albums of photos, or card-board drawing models stamped in relief, and anything (not glass) usually appurtenant to the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission which shall be contained in the same packet. Postage stamps, obliterated or not, and all printed articles constituting the sign of a monetary value, are excluded. The products of the copying press and the typewriter are not admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, and the signature of the sender, his trade or profession, and his address may be added; on printed visiting cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons

invited to meetings, and the place, date, and object of the meetings; printers' proofs may be corrected in manuscript, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c.; books, music, photos, engravings, and Christmas cards may have a dedication inscribed on them, and the invoice relating to them may be inclosed; in orders for books printed on cards, the works required or offered may be indicated in manuscript; to cuttings from periodicals, the title and date of the publication may be added. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted, provided that they are handed in at the counter of Post Office, that special attention is called to their nature, and that at least twenty copies are posted at the same time. Blank paper, note-paper or envelopes, and articles of stationery are inadmissible.

The rate of postage on Printed Papers and Commercial Papers for all places abroad is $\frac{1}{2}$ d per 2 oz. For Commercial Papers the lowest charge is $2\frac{1}{2}$ d, for which sum, however, a weight of 10 oz. may be sent. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

Commercial Papers and Printed Papers may be posted either without a cover, or in an unfastened envelope, or in a cover easily removable for examination without breaking any seal or adhering surfaces. The packet may, however, be tied at the ends with string easy to unfasten.

To secure the return of packets which cannot be delivered, the name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by 1 foot in width or depth; but to Foreign Countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are 5 lbs. for British Colonies or Possessions, and for non-Union countries or colonies; and 4 lbs. for Foreign Countries in the Postal Union.

Canadian Magazine Post.—Registered Newspapers, Magazines, and Trade Journals (published at intervals of not more than 31 days) may be sent to Canada at a rate of 1d per lb.; limit of weight, 5 lbs. They must be posted in covers open at both ends and easily removable, and the title and date must be printed on the cover or at top of first page and on every detached part of Magazine.

FOREIGN AND COLONIAL SAMPLES.

There is a Sample Post to Foreign Countries and the Colonies generally; but it is restricted to *samples of merchandise or scientific specimens*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually trade samples or specimens, are not admissible.

No article liable to Custom Duties can as a rule be sent as a sample.

The rate of postage is $\frac{1}{2}$ d per 2 oz., except that the lowest charge is 1d, for which sum, however, a weight of 4 oz. may be sent.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

Liquids, glass, greasy substances, colouring powders, and live bees may be sent only to some foreign countries when they conform to special conditions as to packing, &c.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in Postal Union the limit is 12 oz.

The limit of size for British Colonies or Possessions or for non-Union countries is 2 feet in length by 1 foot in width or depth; and for foreign places in the Postal Union 12 inches in length, 8 inches in width, or 4 inches in depth; unless it be in the form of a roll, in which case the limit of size is 12 inches in length and 6 inches in diameter.

REGISTRATION AND INSURANCE—FOREIGN.

The fee for registration of letters, post cards, commercial and printed papers, and samples, addressed to places abroad, is 2d. Articles to be registered must be enclosed in a strong envelope, and given to an agent of the Post Office. To some countries it is forbidden to send coin, jewellery, or precious articles.

Parcels must be substantially packed, and sealed with wax or lead. Seals must be placed over each join or loose flap of the covering, and at the ends of the string. Parcels containing coin, watches, or jewellery must be enclosed in strong boxes substantially fastened. The sums payable for insurance, including registration, are as follows:—To secure compensation up to £12, a fee of 5d; £24, 7½d; and so on at the rate of 2½d for every additional £12, up to £120, 2s 3½d.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

FOREIGN AND COLONIAL POST CARDS.

Single and Reply Official Post Cards are transmissible to all parts of the world—Single Cards, 1d each; Reply Cards, 2d each. (Official Inland Post Cards are transmissible abroad if the additional postage is supplied by postage stamps being affixed.) Cards used as Post Cards must be of similar substance to the official cards; not exceeding 5 $\frac{1}{2}$ by 3 $\frac{1}{2}$ inches, and not less than 4 by 2 $\frac{3}{4}$ inches. Reply-paid cards of private manufacture must display the title "Post Card" on the address side, but this is not obligatory for single cards of private manufacture. Reply halves of reply-paid cards must bear the words "Post Card—Great Britain and Ireland" and "Reply."

The left-hand half of the address side of a Post Card, as well as the back, may be used for a written communication subject to the following restrictions:—Nothing may be attached except stamps in payment of postage, a gummed label not to exceed 2 by $\frac{3}{4}$ inches bearing address of recipient, a similar label with address of sender, and illustrations and photos on very thin paper completely adherent to the card.

Cards to certain countries must bear the title "Post Card," and are not allowed to have photos affixed.

SPOILT STAMPS.

Applications for allowance on spoilt, or unused, postage stamps, embossed envelopes, post-cards, or newspaper wrappers, which have not passed through the post, should be made at the Stamp Office.

POST OFFICE SAVINGS BANK.

Deposits of one shilling, or of any number of shillings, may be made by any person at the Post Office Savings Banks to the extent of £50 in one year ending 31st December, and £200 in all, including interest.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

FOREIGN AND COLONIAL PARCEL POST.

GENERAL REGULATIONS.

Dimensions.—The dimensions allowed are:—

For Finland, Portuguese East Africa, Turkey (Ottoman P.O.'s)—2 feet in any direction.

Parcels which somewhat exceed 2 ft. in length are accepted for transmission to Bulgaria, Corsica, France, Italy, Montenegro, Persia, Russia-in-Europe, Samoa (*via* Hamburg), provided that their other dimensions are inconsiderable.

For Argentine Republic, Bolivia, Brazil, Cape Verd Islands, Chili, Congo Free State, Crete, Dahomey, Dominican Republic, Dutch Guiana and East and West Indies, Erithrea, French Congo, French Guiana, French Guinea, French Somali Coast, Greece, Guadeloupe, Ivory Coast, Madagascar, New Caledonia, Paraguay, Portugal (*via* France), Portuguese Timor and West Africa, Reunion, St Pierre and Miquelon, Senegal, Tahiti, Tripoli (Africa), Tunis, Turkey (Austrian and French Agencies), Uruguay—greatest length, 2 ft. ; greatest length and girth combined, 4 ft. Parcels slightly exceeding 2 feet in length are admitted (if their other dimensions are small) to Algeria, Azores (*via* France), Comoro Islands, Cuba, Ecuador, French Indo-China, German South-west Africa, Peru, Spain, Venezuela.

For Canada—Greatest length, 2 ft. 6 in. ; length and girth combined, 6 ft.

For Japan and Mexico—Greatest length, 2 ft. ; greatest length and girth combined, 6 ft.

For places named in the Table of Parcel Postage—other than those detailed above—same as for Inland Parcel Post.

The postage must in all cases *be paid in advance*, by means of postage stamps affixed by the sender. Each parcel must be plainly directed, and should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post Office—an accurate statement of the contents and value, the date of posting, and other particulars. Arrangements have been made with many Foreign Countries whereby senders may take upon themselves the payment of the Customs charges if they so desire.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to many British possessions. Invoices in open envelopes, giving particulars of the goods contained in the parcel may, however, be enclosed.

Parcels containing coin, watches, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for.

Forms with embossed stamps can be obtained either singly or in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the limit of the free delivery.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a half-penny for each word in the address of the copy.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven." Certain exceptional names, such as O'Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix "St." as St Pancras; but double names of persons, like Smith-Payne, are counted as two words.

Abbreviations of words, "can't," "won't," "don't," are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus "1st" counts as one word, "1432nd" as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word, but letters added to figures to denote the number of a house are counted as figures. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each.

Anyone may register an abbreviated address on payment of a guinea a year.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months.

Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

FOREIGN TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words,

figures, and letters conveying an intelligible meaning. Those in secret language are divided into: (1) preconcerted language or code, (2) cypher.

Code language is composed of real words not forming comprehensible phrases, or of pronounceable groups of letters having the appearance of real words. Words of more than ten letters are not allowed. In Code telegrams English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, whilst artificial words must be pronounceable according to the usage of these languages.

Cypher is composed of Arabic figures having a secret meaning, or letters having a secret meaning, and words or combinations of letters not fulfilling the conditions applicable to plain language or code. Letter and figure cypher cannot be combined.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office, county, province, and country of destination in the addresses of telegrams are each charged for as one word whatever their length.

Every separate letter or figure is charged for as one word. Groups of letters in cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

If the sender desires to prepay a reply he must insert before the address of the receiver "R P—", which is charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply.

Profit-Sharing Principles in FIRE INSURANCE A Remarkable Institution

FOR OVER ONE HUNDRED YEARS the ESSEX & SUFFOLK EQUITABLE INSURANCE SOCIETY has been conducted in the interests of its Policy-holders, carrying on the business of Fire Insurance on the equitable plan of charging ordinary rates of premium and dividing the profits with the Insured ; and so successful has the Society been that, for more than a century, it has returned in cash to its Insured Members from twenty-five to fifty per cent. of the premiums paid by them, and has accumulated Funds which, compared with its Liabilities, make it one of the strongest Fire Offices in the Kingdom.

Under the provisions of the Society's special Act of Parliament, recently obtained, it is now enabled to do business in any part of Great Britain.

What the Press says :

THE TIMES : "The new constitution of the society is almost an ideal one, from the profit-sharing point of view."

TRUTH : "The methods of this society seem to me admirably devised for giving safe fire insurance on the lowest terms to the best class of policy-holders."

STANDARD : "It ranks amongst the oldest fire insurance companies. Take it all in all, it may perhaps be considered the most successful of any."

DAILY NEWS : "A degree of strength which no other Fire Insurance Office has reached."

"SIDEROSTHEN" PAINT, THE BEST FOR COATING—

- Insides of Boilers and Economiser Tubes.** It prevents the deposit adhering to the walls of the Boiler or Tube, and thereby greatly reduces the amount of incrustation. What incrustation there is can be easily removed with a brush, leaving the plates clean and smooth.
- Galvanized Zinc or Iron Roofing,** as it preserves it from decomposition, which no other paint will do.
- Gas, Water, and Drain Pipes,** as it is not affected by the moisture of the earth.
- Gasometers, Tanks, Buoys, and Gutterings,** on account of its power of resistance to weather and all atmospheric changes.
- Woodwork,** exposed to damp or mildew, as "Siderosthen" will effectually prevent it from rotting.

INSURANCE AGAINST FRAUD AND EMBEZZLEMENT.

The question of FRAUD by trusted Officials is so frequently brought into public prominence that the necessity of Employers holding adequate security on behalf of responsible persons whom they employ must be freely admitted. *It is the obvious duty of Members of School Boards, Parish and County Councils, Directors of Public Companies, Committees of Charitable Institutions, Friendly Societies, &c., to see that proper security is held on behalf of those whose funds they administer, and the moral and financial safeguard of a Guarantee Policy issued by a good Office should commend itself.*

The Premiums charged by THE NATIONAL GUARANTEE AND SURETYSHIP ASSOCIATION are based on the statistics of upwards of Forty Years Experience, and a full Prospectus, containing an approximate table of rates for the various classes of risk, will be sent on application. Special quotations are given where a large amount of business is involved.

The Association is prepared to grant immediate security to ACCOUNTANTS, SOLICITORS, AND OTHERS, in connection with Court Appointments, and will give full particulars of the special facilities afforded on application.

## A REMEDY FOR PILES.

### RENAZEL SUPPOSITORIES.

Composed of the active principle of the Adrenal Gland and Witch Hazel Extract, it is in no sense an exaggeration to describe these as a marvellous Cure for Piles. The efficacy of the Adrenal Gland has only been discovered quite recently. The Medical Journals contain almost weekly references to its wonderful effect on the mucous membrane. It stops bleeding as no other drug is able to do, and its astringent effect is exactly what is required to reduce the painful swellings of Hæmorrhoids or Piles. The curative effect of these Suppositories is exerted on parts quite out of reach of ordinary treatment.

*These Suppositories are an Absolute Remedy for this painful malady.*
